## Accommodation and services

Brockshill Woodlands provides for 26 elderly clients, whose needs are associated with their mental health offering specialist dementia care. We also accommodate clients with physical disabilities on either a permanent basis, on a short-term respite or intermediate care stay. The accommodation is designed to give easy access to clients in wheelchairs, and who need assistance with their mobility.

## Prospective clients

Prospective clients are encouraged to view available vacant accommodation, and to visit for a day with friends or family to fully experience the home. Prior to being offered a place at Brockshill Woodlands, a full individual care plan assessment will be carried out to identify the individual needs and choices of prospective clients. Upon admission to Brockshill Woodlands, we will place great emphasis on finding out as much about your previous life as we possibly can, this allows us to offer a very individual service, tailored to your individual choice and needs, but most importantly to allow us to offer you a full social care package, enabling you to take part in the many activities on offer.

Many of our clients still enjoy the opportunity to be involved in maintaining their own accommodation, which can be personalised to your own choice, your pets will be welcome and we will ensure that you are involved in every aspect of the care delivery that is deemed to be appropriate for your individual assessed level of need.

## Activities

The emphasis at Brockshill Woodlands is very much one of allowing you the opportunity to maintain as much independence and choice as you would like. Care will be structured to your individual needs and whilst we very much regard it as our responsibility to provide a safe, secure environment, we will encourage all clients to participate in our daily activity programmes, whether they be on a group or individual basis, welcoming you to enjoy life at PrimeLife, Brockshill Woodlands.
