All of our accommodation is offered in single room format, many rooms offering full en-suite shower rooms.

Prospective clients

Prospective clients are encouraged to view available vacant accommodation, either with family, friends or advocates and to visit for a day to fully experience the home. Prior to a client being offered a place at St Georges, a full individual care plan assessment will be carried out to identify the individual needs and choices of our prospective clients. Upon admission to St Georges we will place great emphasis on finding out as much about a person's previous life as we possibly can, this allows us to offer a very individual service, tailored to your individual choice and needs, but most importantly allows us to offer a full social care package, enabling you to take part in the activities on offer.

Activities

Whilst accepting that the majority of our clients will be suffering from dementia, we offer a sensitive support service to allow clients to embark upon a variety of daily living tasks. Clients will be offered the opportunity to personalise their rooms and to maintain as much choice and independence as they either choose or are able to accommodate, taking advantage of our flexible dining arrangements the safe and secure landscaped gardens and our assisted bathing facilities.

We are also proud to offer a thriving activity programme, which focuses on regular reminiscence sessions and a variety of either individual or group activities with regular trips out into the local community on our wheelchair adapted Mercedes mini-buses.

Whilst we very much regard it as our primary responsibility to provide a safe and secure environment, we will encourage, in a sensitive manner, all clients to participate in all that we offer, welcoming you to enjoy life at PrimeLife, St Georges.
